

WASHINGTON FERRET RESCUE & SHELTER
CONTRACT FOR ADOPTION

- I. The ferret(s) will be handled in a loving, gentle manner by all members of my household and by any guests that visit my home. The ferret(s) will be fed quality dry ferret food, have access to fresh water, will be kept indoors and will be housed in a cage or ferret-proof room when no one is at home to supervise the activities of the ferret(s).
- II. If adopters are unable to spend quality time with the ferret(s), unable to keep them as pets, abuse or mistreat the ferret(s), or have to give them up for any other reason, the ferret(s) will be returned to or reclaimed by the **Washington Ferret Rescue & Shelter**. A full refund of the adoption fee is guaranteed up to 7 days from the adoption date.
- III. If the ferret's health is ever in question, the adopter will seek veterinary advice. It would be appreciated if you would contact the Shelter if any health problems arise or when the ferret passes on, so we may better our understanding of breeding, health, and life spans of ferrets. Ferrets will be vaccinated yearly against Canine Distemper and it is recommended to have the ferret(s) vaccinated against Rabies with Imrab-3 once a year. Next distemper shot due: _____
- IV. Adopter understands that the Shelter cannot and does not make any presentations or guarantees, either expressed or implied, as to the temperament, habits, or background of the named ferret(s). Therefore, in consideration of receiving the ferret(s), I hereby release the Shelter from any and all claims of liability for the actions of the ferret(s) being adopted.

This agreement applies to the following ferret(s):
